Book Title: Camp X

Author: Eric Walters

Rating: * * * * *

Story Summary: Camp X is about two Canadian brothers, George and Jack who wander into a secret military factory during WWII. They get caught by some guards; one was a German WWI veteran. When they tell the brothers what they did they let them go. The next day they decide to go back again. Then they get caught again and get in a lot of trouble. They become friends with the German WWI veteran. Later they find out he is a spy, he and some other people. They are taken to a hiding place and all the phones are out of service. If you want to know what happens next you have to read this book.

Review: I gave this book 5 stars because I like adventure books. If you do too, then you should read this book.

Book Title: Camp X

Author: Eric Walters

Rating: * * * *

Story Summary: Jack and George, two brothers move with their mom to a new town and there they discover a very interesting place, a secret army camp. The camp's leader spots them when they are trying to sneak in and gives them a job, they can not tell anything they've seen, even if tortured. They learn much about the camp and are sent off with tasks. When delivering newspapers one day they are caught by Germans. Jack and George are tortured and almost killed but they figure out much about the Germans. They get away and warn the army of the attacks. They risk their lives to warn the army and are proud even though no one else will know about what they have done except people working for the army.

Review: Camp X is a mystery fiction book by Eric Walters. Tells an exciting, spooky story with lots of details. It is quite an adventure. Jack and George, the two main characters are amazing. I think many people would enjoy this book because you stuck by it in suspense. Read the book to find out more.
