Book Title: Heir Apparent

Author: Vivian Vande Velde

Rating: * * * *

Story Summary: It all started when 14-year-old Giannine got a gift certificate to Gaming Center from her dad for a birthday present. When she got to the gaming center she picked a virtual reality game to play. It was called Heir Apparent. When she starts the game she does not know what to do. During the game, Mr. Rasmussen pops in to tell her that she must hurry up and beat this game or in a couple of hours she will be a goner forever. Will Giannine ever beat the game or will she end up being a goner. To find out read this book.

Review: I gave this book a 4 because I liked this book. It had lots of adventure in the game Heir Apparent. If you have never read any books by this author, you should try this one.
