THIS IS A FINAL REGISTRATION. Schedules will be established based on your selections, and every effort will be made to meet these requests. If we are not able to meet your first requests, we will use your alternates. If alternates are not listed, or your alternate selections are limited, we will use our best judgment in choosing a class/classes for you based on Shorecrest graduation requirements. **Please use pen, not pencil, to complete this final copy.**

1. Record course selections for both semesters. The computer will schedule semester classes in the semester that best suits your schedule. Year-long courses should be listed once in each column. Don't forget to add your alternates, and any before- or after-school classes.
2. Students who will be in grade 9 in 2009-2010 must sign up for 6 classes each semester.
3. Essentials of Health and Fitness may be taken in either 9th or 10th grade. If not taking it next year, enter the title and code of a one-semester elective.
4. **To register for Honors classes of a required freshman course, boldly circle the "H" in the Course Title columns, and use the correct codes.**
5. See the Registration Code Sheet and the Registration Guide for more information.
