Highly Capable Program Testing for 2010-2011 School Year

Screening for the Shoreline School District's Highly Capable Program for elementary grades will begin in October 2009. All district and interested private school **first grade** students will be tested in October. Parents of current district first graders received information in the mail about the testing and have the option of declining the testing of their child by signing and returning a postcard to the Highly Capable Program office. First graders who tested and qualified to go on for further testing will be tested in January 2010.

Students currently enrolled in Shoreline in grades 2-5 who are not currently being served by the program and private school students will be tested in January 2010.
